

5.2 Test area Olbernhau_2

Fig. 19. Test area Olbernhau_2

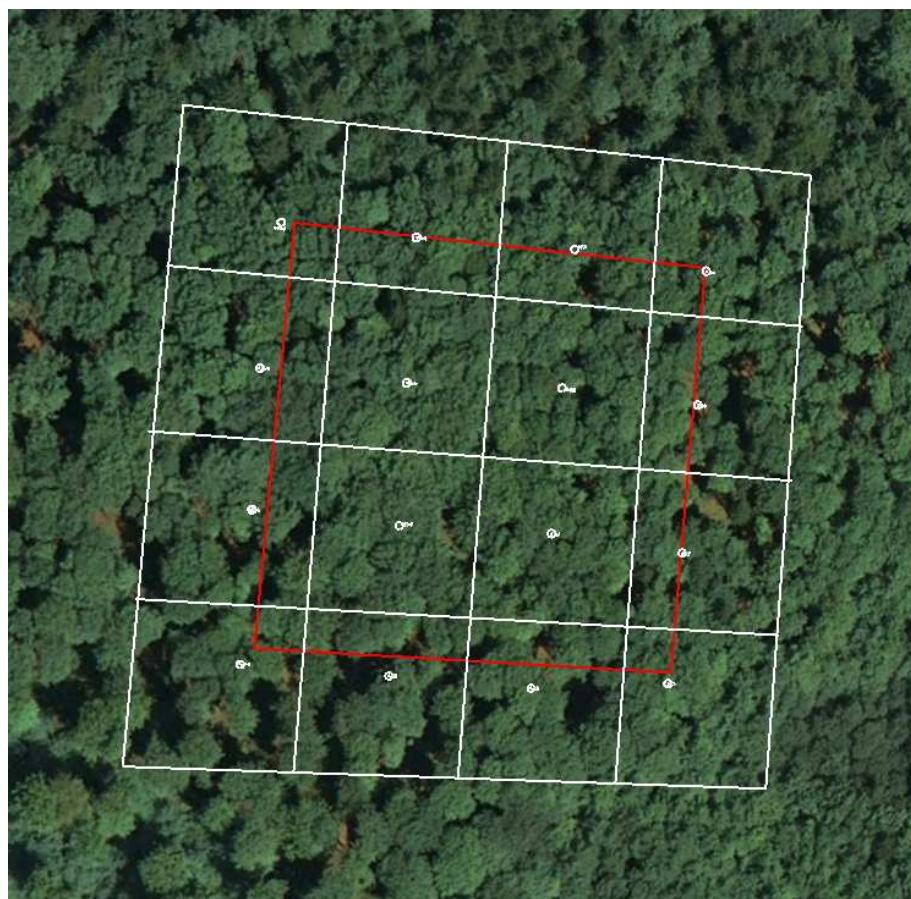

Fig. 20. Test area Olbernhau_2 (red border), TLS project blocks (white line), scanner positions (white circles).

Name of TLS project: Olbernhau_2
Area to measure: 10 000m²
Scanned area: 22 500m²
Number of scan positions: 16
Number of points in project: ca. 324 million
Number and names of files: 16 (01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, 13,
14, 15, 16)

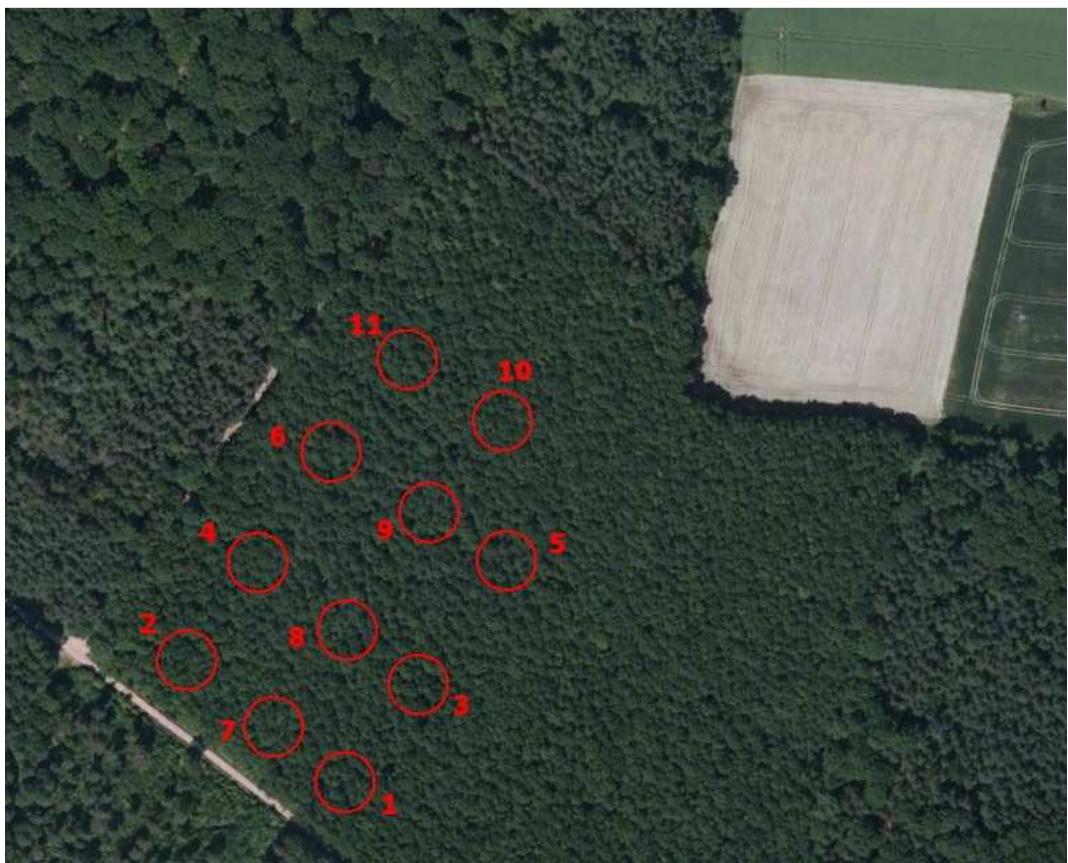

Fig. 27. Number of plots in test area Wermsdorf_Collm.

Fig. 28. Test area Wermsdorf_Collm

5.3.1. Test area Wermsdorf_Collm - Plot_1

Name of TLS project: Wermsdorf_Collm_1

Area to measure: 500 m²

Scanned area: ca. 1130 m²

Number of scan positions: 4

Number of points in project: ca. 76 million

Number and names of files: 4 (1_1, 1_2, 1_3, 1_4)

Internal radius: 7.0m External radius: 19.0m

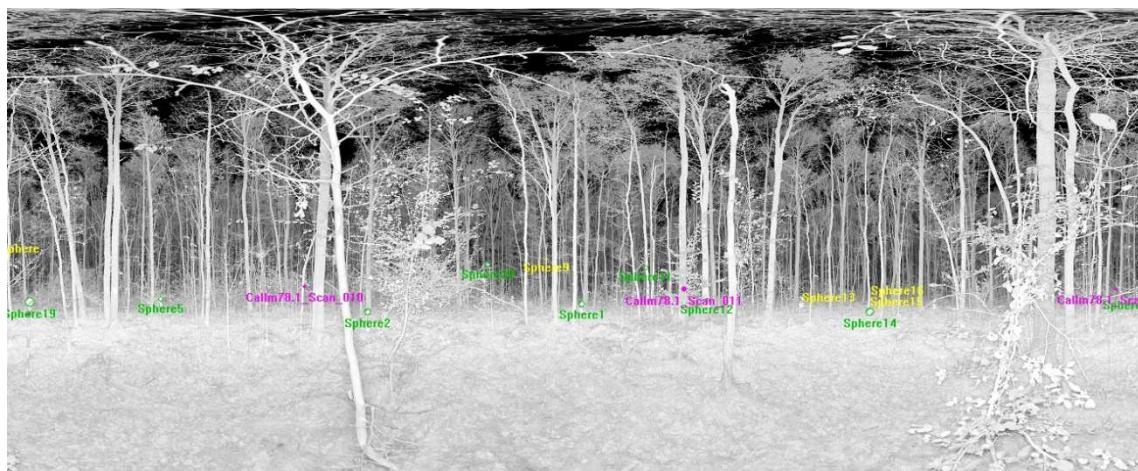

Fig. 29. Planar view from center of plot 1 colored by intensity values.
